Policies

In line with RYA best practice, the Club has developed some policies and guidance covering its governance. Currently these are:

- Safeguarding
- Code of Conduct
- Good Practice Guide - Sailing with Children and Young People under 18

All members should familiarise themselves with the content of the policies which can be accessed via the following QR code:

Introduction

Kessingland Sea Sailing Club presently owns two sea-going sailing yachts – “Capella” a Dufour 365 currently berthed in Suffolk Yacht Harbour on the River Orwell, and Ploes a Bavaria 40 currently berthed at Fethiye, Turkey.

Formed in 1964, Kessingland Sea Sailing Club was originally a dinghy racing club which sailed off the beach at Kessingland, near Lowestoft. When the beach conditions rendered this impossible the clubhouse freehold was sold and the proceeds used to purchase larger yachts. A more detailed history of the Club is included on Pages 12-17.

Purpose

The Club exists in order to provide boats for its members to go sailing both in and around the UK and the Mediterranean. The Club welcomes new members.

Skipper Accreditation

The Club has expanded to such an extent that the sailing capabilities of individual members are not always known to the Committee. The Committee has drawn up a list of members considered to be sufficiently experienced and responsible to skipper either Capella or Ploes. A current list of accredited skippers appears in the membership section of this Year Book. The club offers an accreditation for any member who wants to skipper the club boats. These will usually take place on Capella. A contribution of £50 is requested for each member to be accredited.

Taster Sessions

From time to time the club will offer prospective members a chance to crew on the club boat, usually Capella, so they can learn more about the club and see what it is like on a club boat. These sessions will normally be 4 hours and a contribution of £50 per person, unless as a part of a family when only one charge of £50 will be made, plus the relevant temporary membership for each person. This temporary membership fee will be reimbursed if the person subsequently joins the club (within the same calendar year).

Skills Days

The Club is keen to encourage members to improve their skills with a view to becoming Club accredited skippers. We do not offer formal training but members can request the club to organise a skipper to take them for a day sail to practise skills. A contribution of £60 is requested from each person looking to practice their skills.

For all three categories above diesel is included and the winter reduced rate does not apply.

Capella

A one-day sail can be provisionally booked in advance but only confirmed 14 days in advance.

Evening sails can be provisionally booked in advance but only confirmed 14 days in advance. They depend on Capella not being booked for that day, unless the skipper intends to return before the evening sail is set to start. Start time is flexible but a usual time of 6pm would be normal; however, it could start as early as 4pm subject to the availability of Capella. If Capella is booked for the following day and the skipper/crew are sleeping aboard the previous evening, then an evening sail may not be possible. When an evening sail conflicts with a day sail, the day sail skipper will have priority.

During winter (i.e. while the clocks are on GMT) boat-use fees are reduced to 75% of the rates above.

Ploes

For bookings which have days that fall in the months of August and November rates are 70% of those above for the days that fall within August and November (not the whole booking).

The contribution for sailing Ploes includes a single page entry for each crew on the Turkish Transit Log which is mandatory under Turkish Maritime Regulations. There is a linen service available on Ploes – see sailing notes on board for details.

Gas for Capella and Ploes

Gas costs are re-imbursed by the club. At least one full bottle is to be left on both Capella and Ploes at the end of the usage period.

Diesel for Capella

To avoid trivial top ups, or inconvenience when the fuel berth is closed, skippers should refuel only when the tank gauge reads less than $\frac{3}{4}$ full. The Skipper must refuel to full, and claim back the difference in the event they have overpaid for their usage.

It is imperative that all skippers complete the fuel reporting tasks at the end of each voyage. Skippers also need to record the engine hours within the logbook so as to ensure that timely engine oil changes occur.

Diesel for Ploes

The diesel tank is to be left full at the end of the usage period, at the expense of the skipper/crew.

Skipper's Liability for Damage

It is the aim of the club to provide access to the boats for members in the most economical way possible. Damage to the boats for whatever reason will be covered by the club. It is, however, reasonable to expect the skipper to make a contribution towards any repair or replacement costs, and therefore the skipper may be required to make a contribution to the cost of any remedial work up to the value of £500. In the event of loss, the committee will make due allowance for wear and tear.

If there is any loss or damage to any ancillary equipment (deck, galley, furnishings etc.) through misuse, neglect or inadequate regard for such item(s), it is expected that the skipper will immediately organise replacement or repair the item at their own expense.

In the event of damage or loss the skipper should notify the committee member responsible for that boat as soon as possible. That person will discuss with the skipper what immediate action needs to be taken and will put into effect any remedial action required. It is not the responsibility of the skipper to organise any remedial action, but the skipper may be asked to assist in some way, e.g. to replace a lost item or be at a certain place to allow an urgent repair to take place. The priority will be safety of the boat and crew, but also any remedial work should be done before the next booking if failure to carry out the remedial action could impact on the safety or enjoyment of the next booking.

The skipper will be asked (if appropriate) to write a short report for the committee's consideration so that we may learn any lessons from the incident.

Logbooks

The club requires that all skippers record the following minimum details in the ships log: weather forecast, local tidal information, crew details, proposed and actual passage details. All passages undertaken must be detailed, recording any significant incidents in order to keep an ongoing record of usage, issues and provide chronology of events or problems arising. This is in addition to the online reporting system and considered best practice for vessels with multiple skippers. To fulfil these requirements, it is not acceptable for skippers to provide copies of their own personal logbooks, as this creates additional activities for the boat managers.

Safety

Crew Members

Crew members will be responsible for their own personal safety. See Rule 22 of the Club Constitution.

Children, Young Persons under 18 and Vulnerable Adults

Children, young persons under 18 and vulnerable adults will remain under the supervision of their family member, or nominated adult given at the time of booking at all times when using the club's facilities.

Details of swimming ability, sailing experience and confirmation of the possession of an appropriate life jacket should be completed by the relevant family member/nominated adult at the time of booking, either as a temporary member or under family membership.

Children's life jackets will be checked by the skipper before the voyage to ensure that they are in date and well fitted. They should be worn in accordance with the skipper's instructions both on and around the boats and pontoon areas.

Qualifications

The skipper must be accredited by the club (page 3) to safely sail and navigate the club yachts. He / she must also have such written qualifications as required by the U.K., or foreign authorities as appropriate, which for Ploes includes an RYA International Certificate of Competence or equivalent.

Insurance

Everyone aboard any KSSC boat must have arranged permanent or temporary membership of KSSC. Failure to adhere to this rule will render the insurance invalid and could make the skipper liable.

The geographical coverage areas for insurance are shown in the operating instructions for each boat. For Capella, coverage is United Kingdom inland and

coastal waters, continental waters Brest/Elbe limits and Ireland. For Ploes, coverage is Mediterranean waters not east of 35 degrees east, excluding war zones. If it is intended to cruise beyond these limits it will be necessary to get an extension from the insurance company.

If intending to race permission is required from the Management Committee. In the event of permission being granted the damage deposit required will be raised in line with the extra risks involved.

Single handed sailing is not permitted unless expressly agreed by the Management Committee and approved by the insurance underwriters.

Additionally, the club has third party indemnity and management liability insurance.

Capella

Booking

Capella bookings open for the next calendar year immediately after the AGM has agreed the boat contributions for the year, and are accepted on the basis that the booker will pay their annual membership when it comes due on 1st January.

Complete the online booking and temporary membership forms or download the forms, complete and email to bookings@kessingland-seasailingclub.uk. For advance (more than 14 days) bookings a 10% deposit and completed form, as well as any temporary membership forms (to cover each non-member on board) is required to secure the booking. Bookings are provisional until a deposit is paid. Payment in full is required 14 days before the start of the booked period.

Only skippers who have fully paid their subscriptions will be able to book Capella and any non-members will need to be approved as temporary members for insurance purposes. There is clearly a need for a degree of flexibility to avoid disappointing would-be users, but it is hoped that late bookings would be exceptional occurrences. For all booking matters, contact Chris Jones.

Boat Safety

The committee has decided that Capella will be equipped and maintained to a level that could be expected if managed by a reasonably conscientious private owner. The skipper is expected to have read the operating instructions.

It is the skipper's responsibility to ensure 'Capella' is seaworthy and safe. The skipper has a responsibility to the club, crew and him/herself to know what spares and rescue equipment are carried, their location and be capable of using them. There is a file of information on board: "Capella – Essential Information" which needs to be read in this context. The skipper is responsible for informing his / her crew on all aspects of the safe operation of the yacht. In the event of any safety issues arising the skipper should immediately inform Gill Green, or if unavailable any member of the committee, preferably the Commodore.

Boat Maintenance

Additionally, any problems encountered whether rectified or not rectified, along with any damage done, should all be recorded using the Capella Maintenance Issue Reporting and Resolution Tracking system. Details on how to access and use this system are issued to all skippers. This ensures that all skippers are kept informed as to the state of the boat, repairs done and any outstanding issues. It is the responsibility of the 'current' skipper to alert Gill Green and if known, the hand-over skipper, where there is a serious problem which could impact on the use of the boat or on crew safety.

The club aims to provide cost effective sailing to all members, and this is partially achieved by reference to rules 2c and 2d where the club organises maintenance and encourages ALL MEMBERS to be involved with all club activities.

Where specialist skills are required to repair or enhance Capella the work will be sub-contracted to professionals, but wherever possible the club will look to its members to execute maintenance and repair activities. Much work is required every year to keep Capella in good shape and seaworthy. Some jobs require no particular skills or can be completed remotely so there are no barriers to prevent all members offering to assist.

In recognition of work undertaken by club members on Capella during the winter maintenance period, the committee has decided that one days' sailing credit may be allocated to each member for 3 days work undertaken on Capella winter maintenance. The credit will be for that individual's share of the costs of a days' sail. For full details of this scheme, or to get involved in Capella maintenance please contact Gill Green.

Ploes

Booking

Ploes bookings open for the next calendar year immediately after the AGM has agreed the boat contributions for the year, and are accepted on the basis that the booker will pay their annual membership when it comes due on 1st January.

Contact Peter Girven or look on the calendar on the website for availability. Complete the online booking and temporary membership forms or download the forms, complete and email to bookings@kessingland-seasailingclub.uk. On receipt of the booking form plus 10% deposit, your booking will be confirmed, with the balance due at least 1 month before the date you are due to take charge. Bookings are provisional until a deposit is paid. Bookings made less than 1 month before that date will need to be paid in full at the time of completing the booking form. The crew details are to be sent to Peter Girven or other delegated Committee Member at least one month before the departure date. Only skippers who have fully paid their subscriptions will be able to book Ploes and any non-members will need to be approved as temporary members, for insurance purposes.

Boat Safety

The committee has decided that Ploes will be equipped and maintained to a level that could be expected if managed by a reasonably conscientious private owner. The skipper is expected to have read the operating instructions.

It is the skipper's responsibility to ensure Ploes is seaworthy and safe. The skipper has a responsibility to the Club, crew and him/herself to know what spares and rescue equipment are carried, their location and be capable of using them. Every piece of equipment on the boat has been carefully stowed. All safety equipment has been itemised and listed in the "*Welcome Aboard Information*" booklet (updated every year). A copy of this is retained on board and can also be e-mailed to each skipper before leaving the U.K. The old adage, 'a place for everything and everything in its place' is of prime importance if we are to make the Mediterranean venture a safe sailing holiday. Skippers finding items of equipment missing should inform the committee member responsible within 24 hours of arrival by text or phone so that the said items can be recharged to the previous user's account. This may seem draconian, but we are not a yacht charter company and rely on the integrity of our Club members to make the overseas venture safe and successful. The accredited skippers with authority to use Ploes are of a calibre to be able to solve everyday problems and to ensure the yacht is left in a fit state for use by the next Club member.

A full & final 'Crew List' must be submitted to the committee member responsible at least 1 month before UK departure. This is to ensure that an "Authorisation Certificate" to use Ploes is issued by the Club and safely received before the cruise commences. It must be carried aboard throughout the cruise. There is also a requirement to have the full crew list approved and inserted into the "transit log" by the Turkish Maritime Authorities before commencing the cruise. There is a local charge for this process and a fixed penalty fine for non-compliance. See section 'Contribution for use of Club Yachts'.

If life-jackets using gas inflation are to be used, skippers should check that the CO₂ cylinders are intact and full. If they have been fired off accidentally, the cylinder should be immediately replaced at the cost of the user.

Use of Ploes as a Houseboat

Ploes may be used on a strictly non-sailing basis as holiday accommodation in the marina. The following conditions apply:

- a) The yacht must not leave the nominated moorings or insurance could be invalid. Bookings can be taken up to 12 months in advance but will only be confirmed 4 weeks in advance of departure to give maximum opportunity to sailing members.
- b) Mooring fees will not apply in the base port but might be applicable if the yacht is used at any other nominated marina. Consumables such as shore-power, fresh water (both are supplied free at the base port of Fethiye) and cooking gas will have to be paid for or replenished in the same way as for a sailing holiday.
- c) KSSC Sailing Instructions will still apply except the sailing qualifications of the skipper will be relaxed. The yacht logbook should be completed in the normal way even though passage making is **not** allowed.

Non-sailing skippers will, if requested to do so, sign a confirmatory undertaking to this effect.

Financial Management of Club Accounts

Non-discretionary items

Both boats have annual operational costs e.g. insurance, berthing and craneage costs. These costs are essential non-discretionary costs and payment is made against invoice via bank transfers from the club current account. The Treasurer maintains records of non-discretionary spend by boat and monitor against annual budget.

Discretionary items

Maintenance, replacements and improvement costs are discretionary on an individual basis. Both boats have a 10-year financial plan, which is reviewed annually. The requested budget for the following year is presented to the committee and if agreed approved and delegated to the officer responsible for the boat. The officer responsible manages purchases within the delegated budget and regularly reports actuals to the Treasurer for comparison to the non-discretionary spend by boat in the club's accounts.

Any discretionary purchases that occur during the year and are not in the approved delegated budget are subject to the follow pre-approval, before spend is committed.

Threshold	Pre-Approval
Up to £500	At least one officer who is not instigating the payment
Over £500 but less than £1000	Majority committee decision
Over £1000	The officer responsible for the boat should wherever possible obtain 3 quotations as part of the supporting paperwork for the transaction to demonstrate the option chosen provides value for money. Majority Committee decision.

History

1964 Commodore Rob Straton

Following an advertisement placed in the Lowestoft Journal in the summer Mr. Rob Straton, 50 dinghy sailors met at "The Sailors Home" public house, Kessingland to form the **Kessingland Sea Sailing Club**. The club sailed from the beach. The first club house (courtesy of Mr. Stanley 'Cock Robin' Brown) was a fisherman's hut. Dinghy classes sailed included G.P.14's, Enterprises, Merlin Rockets, Ospreys and National Hornets.

1965 Commodore Sid McMeekin

The Club started to organise cruises / races to Southwold and round the Navigation Buoys.

1966 Commodore G.E. "Trader" Horne

Around this time there were moves afoot to secure a plot of land on the actual sea front ... Members Peter Colby and Brian Hume persuaded Mrs. Woolfield to sell a parcel of land near the Denes Holiday Camp.

1967 Commodore Les Watkins

The plans were being studied, and site clearing commenced, Derek Lyne's design Clubhouse began to take shape. All this time Beach Fetes & Barbecues were taking place, to raise money. (A grant was obtained from the Playing Fields Association).

1968 Commodore Peter Hancock

New Clubhouse, changing rooms, canteen, rescue boat storage, plenty of car parking space.

1969 Commodore Dr. Steven Nicol

Membership was some 183 with 40 Fireballs, with more equipment being purchased, marks, compass, anchors etc.

1970 Commodore Peter Colby

What fun we had! Those marvellous fleets, tough competition... Peter organised the building of 10 new Fireballs, so we had the benefit of quantity terms for masts and sails, etc.

1971 Commodore Brian Whitlow

aided by helmswoman Pat Whitlow, showed us the way round on those light air races ... the fund raising went on apace.

1972 Commodore Brian Hume

with Peter Colby; started planning for a new Clubhouse, running The Lowestoft Trade Fare.

1973 Commodore Peter Colby

Lowestoft Trade Fare at Gunton Hall, a great success, and the plans were well advanced for the building of the new Clubhouse, interconnecting the adjoining original building. Footings in, building commenced with the racing going on just the same.

1974 Commodore Peter Colby

The Clubhouse was formally opened with Mrs. WOOLFELD, the Commodore, Royal Norfolk & Suffolk Yacht Club, Frank Dunne, Esq. broaching the champagne, in September - with many past Commodores, Members old and new. As soon as the festivities were over racing commenced for the WOOLFELD TROPHY (a gift from Mrs. Woolfield, whose late husband won it outright in the 1914 Kessingland Regatta).

1975 Commodore Sid Pretty

Sid set about getting the racing organised to take advantage of the improved facilities, and furnished the bar area. Dick Coleman was active on the furnishing front.

1976-7 Commodore Stan Beckett

with Billy Nicholls recruited as Rear Commodore & Social Secretary, the bar profits soared to a record. Billy was always running events to stimulate sales - one of these was the "MIRROR" National Rally, entertaining 44 Mirrors with their crews and their families for cruises and racing every day. That passage race on the last day to Southwold and return, in a gale, will long be remembered.

1978 Commodore Eric Garrett

The Club was devastated by the wrecking of the 'Eleni V' oil tanker off the Suffolk coast - the pollution wrecked the sailing programme and the Javelin nationals, laid on for a week, had to be postponed and when they took place in a later weekend, were a disappointment. The Club never really recovered from this.

1979 Commodore Brian Burleigh / Paul Parrivani

Brian resigned from Commodore halfway through the year. Paul fortunately picked up the reins and did a good job.

1980 Commodore Barry Naylor

Barry, perfectionist that he is, set about making sure that everything worked and that the racing was exciting and accurate ... and we still had plenty of social events.

1981 Commodore Graham Ling

With Graham's son, John "Topper" champion, they started trying to get the "TOPPER NATIONALS" at KSSC and it was promised for 1983.

1982 Commodore Graham Ling, aided by wife Gwen

...started feeding us gourmet meals at a very keen price, which raised some good money. The TOPPER NATIONALS definitely on for next year, and planning was taking place.

1983 Commodore Eric Garrett

Eric's meticulous planning with sons Ian and David with Graham's help as fleet captain, with Barry Naylor as Race Officer... 104 boats, with families billeted at Wildlife Park, a full week, very successful - the windy 1st race won by John Ling beating the eventual National Champion John Craig, an ex-Fireball Champion. A tremendous amount of work accomplished by a diminishing membership, but still very successful.

1984 Commodore Peter Taylor

The work he put in to try and keep the Club alive!

1985-90 Commodore Stan Beckett

Clubhouse was put up for auction at £45,000; withdrawn by S.B. on a hunch and finally sold by Dick Coleman for some £82,000 which was invested in a safe High-Interest account. In 1989 membership closed to protect assets. Editor's note: without Stan the club would have folded, its assets sold off and frittered away.

1990-94 Commodore Stan Beckett

Following a suggestion by Richard Debenham, the concept of big boat sailing was borne. This idea was enthusiastically backed by Stan and the rest of the committee. Richard Debenham and various members of the committee travelled hundreds of miles in search of a suitable boat at the right price. Explorer was eventually purchased at an M.O.D. auction by R. Coleman and R. Debenham on behalf of the KSSC.

At the 1991 AGM the club was re-opened for membership, although new members would only have very limited voting rights. The 1993 AGM saw the sweeping away of the two-tier membership system and the introduction of a common membership for all.

1995-97 Commodore Richard Coleman

Dick joined the club at its inception and was the only remaining founder-member. He had been intimately involved for most of the past 35 years. He was an ideas man who coaxed his ideas to reality. For current members it is enough to say that he supervised the purchase of Explorer, revised the constitution and hand-picked most of the General Committee. Dick along with Peter Colby, was instrumental in sorting out the adventure in Portugal. The sloop "Edna May" was purchased and based at Vilamoura on the Portuguese Algarve.

1998 - 2010 Commodore Paul Noton

2001 Edna May sold and Deuxieme Amour, a 34ft Bavaria purchased in Cala-D'Or Marina, Mallorca. Exciting sailing in the Western Med.

2003 DA moved from Mallorca to Barcelona, Port Olympic marina – built for the 92 Barcelona Games. Well located but very noisy in summer!

2004 Deuxieme Amour moved to Port Vell Marina, central Barcelona. We took a stand at the first Lowestoft Boat Show, a great success. Deuxieme Amour moved to Palamos, Spain for winter lay-up.

2005 Deuxieme Amour moved to Port Napoleon in SW France, then at the end of the year to Port Rotondo, Sardinia, Italy.

2006 Deuxieme Amour stayed in Sardinia and had its most successful year to date.

2007 We bought Ploes, a 40ft Bavaria berthed at Alimos Marina, Kalamati, Greece and Deuxieme Amour was put up for sale. In December Ploes was moved to Port Olympic Marina, Lavrion, S.E. Greece.

2008 Ploes berthed at Port Olympic and was used many more times than in previous years. We debated whether the Club should become a CASC in order to be more tax efficient to help our income. It was deferred. Deuxieme Amour was sold in April and sailed back to the Balearic Islands, from where she was originally purchased.

2009 Ploes remained at Port Olympic Marina, Lavrion again and was well used although many were tested by the Meltemi – the prevailing, near gale force winds. Explorer had her best year for some time.

2010 Ploes berthed at Ece Saray Marina, Fethiye, Turkey, which was very popular with all who went. Explorer went to the Firth of Forth & back.

2011-2015 Commodore John Bird

2011 Ploes berthed at Fethiye for a second successful season as voted for at the AGM. Explorer makes good passage to Holland but at the end of the season is found to have serious defects to the mast.

2012 Ploes berthed at Fethiye and sails to Greece. Explorer sails to Levington for extensive repairs to mast & rigging. Sails to Holland in July and August for the Rotterdam Jazz Festival and back-to-back cruising on the Dutch Inland Waterways.

2013 Ploes has her 4th successful season berthed at Fethiye the AGM agreed she would remain at Ece Saray Marina for the 2014 season. Explorer used on the UK East Coast and a short cruise to Holland.

2014 Our Golden Anniversary year. Sadly marked by the loss of our President Stan Beckett on 11th September. The Club forms a joint venture (affiliation) with Adastral Park Sailing Club based at Suffolk Yacht Harbour, Levington on the River Orwell.

Decision made at the AGM to base Explorer at SYH next season. Ploes has another good year at Fethiye with Peter Johnson & crew sailing to the Greek islands to comply with the Turkish custom regs. The Golden Anniversary weekend, 7 & 8 November was well attended at the RNSYC with former dinghy members of the club invited as special guests.

2015 Another successful year at Fethiye for Ploes. Sadly, we lose Peter Johnson in April – the same weekend as our Fitting-Out Supper. Explorer has a good year at SYH Levington although two cruising incidents off the East Coast give some cause for concern.

2016-2023 Commodore James Parnell

2016 A good year for both boats and Explorer is used more. We sadly lost Laurie Rainger late in the year.

2017 Another good year. Explorer's summer cruise saw her crossing the English Channel a number of times. Ploes use is good again. Recruitment of members is becoming a concern.

2018 Major work on Explorer's rudder and stern gear – now better than new. Summer cruise to the South Coast dogged by light winds and tropical temperatures. Ploes has a good year, but osmosis found.

2019 A hugely successful year for Explorer with the summer cruise from Suffolk to Scillies 8 weeks 7 skippers and 1200 miles. 70 days used in the year. Osmosis treatment on Ploes is successful and has another successful year in Fethiye.

2020 Covid 19 pandemic year. Explorer had a late start of the season, but this was offset by heavy usage with a record 90 days used. For Ploes the difficulties of international travel wiped out all bookings, then we discovered galvanic corrosion which caused extensive damage to the bow thruster and sail-drive. The result was a significant financial short fall.

2021 On-going covid restrictions meant another poor year for Ploes, with just 3 weeks of bookings in October when the foreign travel restrictions were eased. For Explorer, on the other hand, it was a record year with 109 days of sailing booked and another successful summer cruise. The club is growing in membership numbers with the new members being very keen to get out on the water!

2022 The year the club bounced back. Record usage on both boats with 126 days on Explorer and 15 weeks booked on Ploes. 16 new memberships in the year. Explorer had another successful summer cruise over 7 weeks, 7 skippers, 17 crew took her over 1,000 miles to the Scilly Islands and back. Increased revenue allowed us to make up half of the lost revenue of 2 disastrous covid years. At the AGM we took the historic decision to replace Explorer.

2023 A landmark year for the club, the replacement of Explorer with Capella means that we have 2 high quality boats which should secure the future of the club. Increases in usage (Explorer/Capella 164 days and Ploes 20.5 weeks) and membership (rising to a high of 80) has meant revenues have been robust and this, together with well supported social events are an indicator of a thriving club.

2024 to date.....It's looking to be a good sailing year ahead with both boats fully commissioned ready for the season. Bookings are looking good on both boats. The Commodore role has passed from James Parnell to Paul Newman, following the AGM in November 2023. Sadly, however, towards the start of this year we lost one of our club founder members and previous Commodore, Peter Colby, and also one of our most long serving members, and former Management Committee Member and Social Secretary, June Albrow. Our condolences are with their families.
